

Welcome to the Aqua Air Africa (Pty) Ltd June 2020 newsletter, where we shall be updating you on the activities that took place during the month, Covid-19 updates, future events, birthdays, and exciting news on Aqua Air's current activities.

Covid-19 Alert Level 3 Update

On 23 June, the Department of Basic Education published a new directive focusing on the reopening of schools under the Alert Level 3 in South Africa. The directive states that candidates for the May/June 2020 examinations for the National Senior Certificate will be administered in November/December 2020. Examinations will be administered as planned - subject to the alignment of the revised 2020 school calendar timetable.

Provisions have been made for parents who do not wish for their children to return to school due to concerns related to Covid-19. This is based on section 4 of the South African Schools Act, which states that a learner can be exempted entirely, partially, or conditionally from compulsory school attendance. This means that a parent must ensure that the learner continues learning from home and should comply with section 51 of the South African Schools Act.

The University of the Witwatersrand (Wits) vaccinology professor Shabir Mahdi has announced the start of the clinical trial for a Covid-19 vaccine in South Africa. Mahdi stated that as we enter winter in South Africa, pressure will increase for public hospitals, therefore, the vaccine will be implemented to reduce or prevent infections of Covid-19.

On 16 June, President Cyril Ramaphosa announced South Africa will be reopening leisure businesses such as tourist destinations, casinos, cinemas hotels, lodges, and guest houses which will comply to the new rules.

HIGHLIGHTS OF THE MONTH

Instagram Takeover: Live

On 6 June, Body Transformation Specialist Phelo Mfini and South African Professional Rugby Player Aphiwe Dyantyti took over Aqua Air's Instagram account with a live workout session. Our two influencers shared exercises that you can do at the comfort of your own home. The live workout session was watched by 182 people and has since had 733 views. If you missed the takeover, visit our Instagram page and check it out.

The employee of the month

Every month we recognize the most dedicated employee from the Aqua Air team, this month we appreciate the endless hard work of Multimedia designer, Mpho Lengoasa. She has consistently presented high-quality work for the organization, ensuring that we stand out everywhere we go. We thank you for your support, hard work, and dedication.

Welcome to the team

We would like to congratulate Bradley Sedumedi on his new role at Aqua Air. Bradley joined Aqua Air as a Marketing Intern in June 2019 for 12 months, which came to an end in May 2020. He has since assumed the role of Junior Sales Representative reporting to Sales and Marketing Manager Moren Matshisevhe. We would also like to congratulate Eva Ngoako for her new role at Moipone Technologies following the end of her 12 months IT Internship program at Aqua Air, under the mentorship of IT Administrator, Nkosi. Eva's new role is Associate Junior IT Administrator, reporting to Thabiso. We wish both Bradley and Eva success in their new roles.
